

## ISE CERTIFICATION COURSE DETAILS

NAME:	Prathiksha	USN:	4AL16IS036
SEMESTER:	8	MENTOR:	Ms.Vanyashree
COURSE NAME:	Digishock2.0: Machine learning for beginners (no coding)	DATE:	30-05-2020

### SCREENSHOT:

### BRIEF REPORT: (POINT-WISE)

1) This practical hands-on course involves hands-on exercises with numerous tricks and techniques of analytics, advanced predictive concepts to work on to ensure that all are familiarized with the discipline of machine-learning, deep-learning, big data, analytics etc. The USP of the course is that there is no kind of technical knowledge required whatsoever for students who will participate in this course.

2). Learn the basics of machine learning without using code

Learn to teach a machine with a camera

Use an AI platform to build AI Models and Train the datasets

Know about IBM Watson & Wipro Holmes AI technologies

Convert a web application/software to an app in less than a minute
