ISE CERTIFICATION COURSE DETAILS

NAME:	Sanjana Shekhar Shetty	USN:	4AL16IS048
SEMESTER:	8	MENTOR:	Mr. SHARAN PAIS
COURSE NAME:	Learn basics of data structures and algorithms	DATE:	30/5/2020

SCREENSHOT:
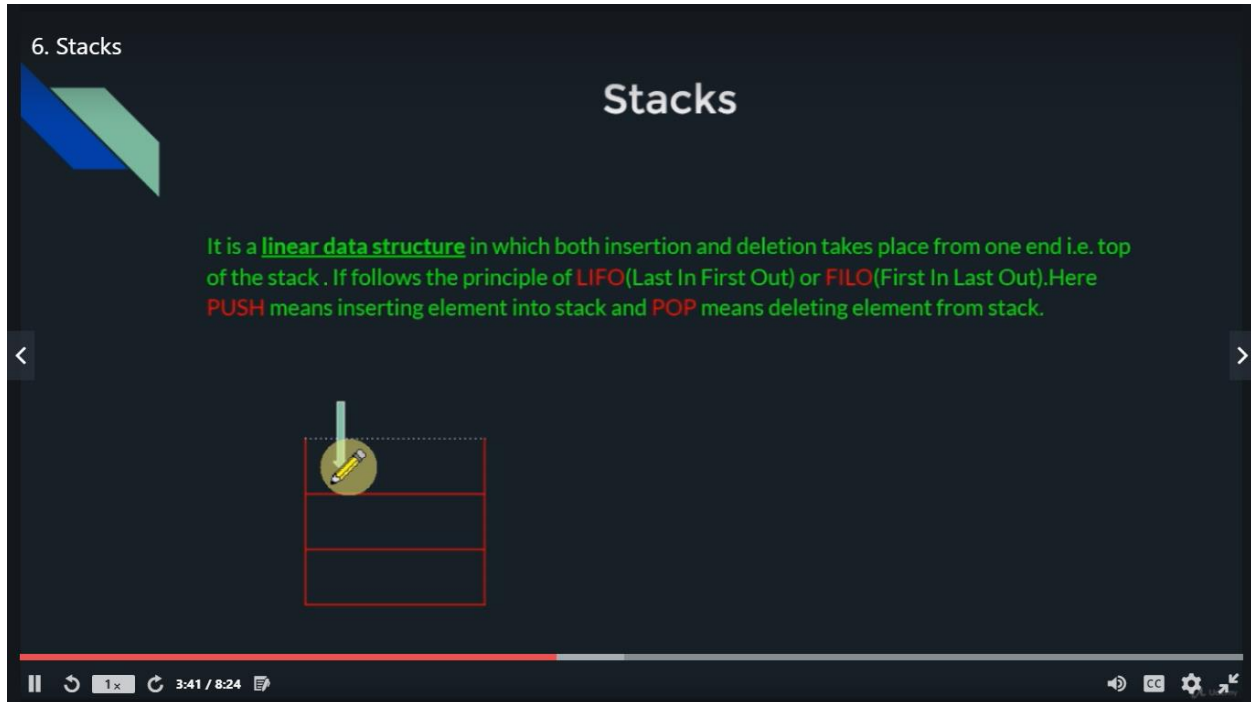

BRIEF REPORT: (POINT-WISE)

1). There are different types of data structures. They can be classified as primitive and non primitive data structures.

2). Primitive data structures include Integer , real numbers, charecters and Boolean values..

3). Data structures include trees, graphs, arrays, linked list, stacks, queues etc
