SEMESTER:	8	MENTOR:	Mrs.JAISHMA KUMARI
COURSE NAME:	LEARN APPLICATION DEVELOPMENT PROGRAM	DATE:	18/05/2020

SCREENSHOT:
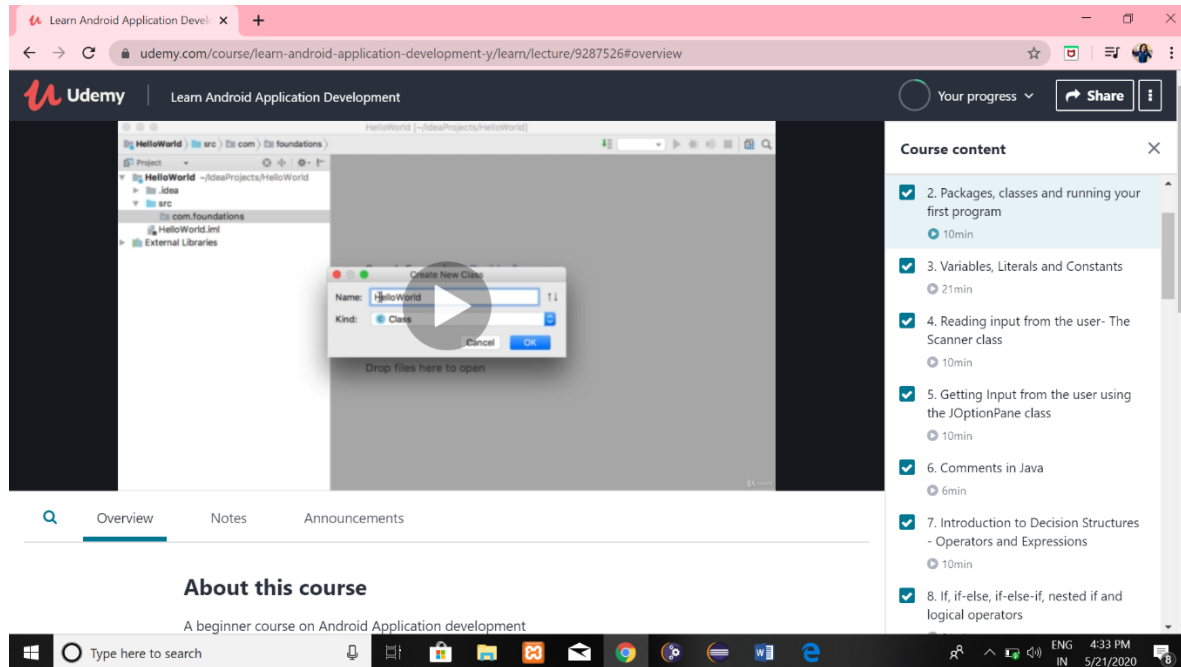

BRIEF REPORT: (POINT-WISE)

1). Studied about why learning the app development is important. Learning this is important because Every since Google rolled out its play store, the joy of experiencing app has only multiplied tenfold. There was a time when we all looked up to the iTunes store from Apple and sometimes getting an iphone was nearly impossible. But with the Google play store and Android smartphones access to apps has become so easy for all.

2). Learnt about what the tools required what software and version to be used and how to create classes here and learnt about variables and literals.

3). Learnt about how ton get input from the user using joption plane clases.also learnt about loop calculation**.**
